**CLEANSING**

a.g.e.stop<sup>®</sup>  
SWITZERLAND

Cleansing silk soufflé - gentle silk soufflé for skin cleansing with a magical aroma. Gently and effectively cleanses the skin of all types of dirt without disturbing the structure of epidermal lipids. Cares for the skin, moisturizing and nourishing it with active ingredients. The water from Swiss glaciers consists of silk hydrolysate, allantoin, gold, alpine snow algae, hyaluronic acid, alpine plant stem cells.

### HOW THE CLEANSING SOUFFLE WORKS:

- After washing, the hydrolipidic mantle is restored, the skin is clean and radiant;
- Provides long-term hydration;
- Improves skin elasticity and tone;
- Increases firmness and elasticity of the skin;
- Smooths deep wrinkles and fine lines;
- Promotes significant skin rejuvenation;
- Smooths out signs of fatigue, stress and lack of sleep;
- Enhances the skin's natural barrier function with PhytoCellTec™.

In addition to the Soufflé, 10 cotton napkins are included for maximum comfort.

### HOW TO USE:

Rub a small amount of soufflé in the palms and spread over the entire face, make a light massage along the massage lines, rinse with cloth moistened with water.

Suitable for cleansing the skin around the eyes.

FOR ALL SKIN TYPES

SIZE: 100 ML

### INGREDIENTS:

**Ingredients-Formulated without:** Parabens, Sulfates, Phthalates

**INCI:** Aqua (Water), Sodium Cocoyl Glycinate (Natural Amino Acid), Glycerin, Sodium Chloride, Decyl Glucoside, Glycol Distearate, Glyceryl Caprylate, Citric Acid, Laureth 4, Sodium Cocoyl Glutamate, Levulinic Acid, Cocamidopropyl Betaine, Sclerotium Gum (Sugar-Based Emulsifier), Xanthan Gum, Panthenol, Saccharide Isomerate (Pentavitin), Plankton Extract, Propylene Glycol, Alpha-glucan Oligosaccharide (Probiotic), Tetrasodium Glutamate Diacetate, Butylene Glycol, Crambe Abyssinica Seed Oil, Pantolactone, Alteromonas Ferment Extract (Fermented Marine Bacteria), Sodium Citrate, Beta-Carotene, Tocopherol, Xanthophylls, Helianthus Annuus (Sunflower) Seed Oil, Rosmarinus Officinalis (Rosemary) Leaf Extract, Sodium Levulinate (100% Natural Preservative) Parfum (Fragrance).

Swiss Alpine Glow Peeling Scrub Mask is an advanced yet gentle epidermal skin retexturizing, brightening and exfoliating treatment. Quickly and visibly bring dull skin back to life. In just 10 minutes, the look of facial lines is reduced and skin texture looks smoother, clearer and more radiant, while the appearance of pore size is diminished. As skin is re-texturized, the formula helps to support the absorption of topical skin treatments to maximize their efficacy and improve visible results.

## HOW THE PEELING SCRUB MASK WORKS:

### 3 Expert Levels of exfoliation: physical, chemical and enzymatic:

- Micro-exfoliating Minerals (Silica): Instantly polish and buff deal, dull, dry skin.
- Lactic Acid (AHA): A milk-derived alpha hydroxy acid that gently exfoliates and softens skin.
- Papaya Extract: Natural enzyme rich extract, helps improve skin luminosity

### Amazing 4th Rolling Exfoliation level:

- The mask will roll away in small bits together with your dead skin through gentle massage, thanks to ultra gentle corn starch powder
- The mask is non-drying

### Brighten and Regenerate:

- Niacinamide - provides exceptional brightening benefits
- Swiss Snow Algae - activates longevity factors in skin cells
- Snow Mushroom Extract - moisturizes, protects and soothes
- Swiss Edelweiss Stem Cells - rejuvenates and protects skin from premature aging

Our mask is based on Exclusive Swiss High Alpine water source, proven to gently soothe and care or skin during exfoliation.

## HOW TO USE:

### 2 Ways to achieve Glowing, Radiant skin in minutes:

1. Apply up to 3 times per week on dry, clean skin. Wait for 10 minutes, then gently massage your face in upward motions to roll away the mask together with dead skin cells. Best to roll away the mask over bathroom sink. Use wet sponge to remove remains of the mask. This method achieves 4 levels of exfoliation described above.
2. For very sensitive skin apply in massaging motions on wet skin. Wait for 10 minutes and use wet sponge to remove the mask from the face. No rolling effect of the mask, the mask will not dry. This method achieves 3 levels of exfoliation described above. The exfoliation is achieved through physical massage of exfoliating mineral silica beads together with chemical and enzymatic exfoliation.

SWITZERLAND

Our scientists transform naturally derived plant compounds into truly functional bioactive cosmetic ingredients. Our R&D team makes use of state-of-the-art encapsulation technologies that will guarantee optimum bioavailability and thus ensure the maximum effectiveness of the active ingredients sourced.

Moisturizing essence that perfectly tones, refreshes, moisturizes and smoothes the face skin, renewing its texture and giving radiance. Prepares the skin for carrying active ingredients into the deeper layers. Visibly moisturizes, fights pigmentation, accelerates cell renewal, improves protective mechanisms at the cell level. Helps the skin achieve extreme softness.

### HOW THE ESSENCE WORKS:

- Maximizes the effectiveness of all skin care products, the skin feels at its most favorable condition, ready to accept all other procedures and products to a deeper level - thereby enhancing their effectiveness;
- Stimulates collagen synthesis;
- Increases skin elasticity;
- Smoothes fine wrinkles;
- Promotes skin rejuvenation;
- Fights chronological aging with PhytoCellTec™;
- Increases the natural moisture content and barrier-protective function of the skin.

### HOW TO USE:

## SWISS STEM CELL ESSENCE

Powerful Anti-Aging Essence is designed to improve skin quality, elasticity and texture with the award-winning Swiss Stem Cell Complex - PhytoCellTec™, a Swiss stem cell invention that instantly doubles skin's natural moisture content, softening and smoothing the surface, reducing fine lines and wrinkles. Acts as a hydrating agent, forming a strong barrier to prevent skin dryness and slightly lifts the contours of the face. The skin is immediately saturated and becomes visibly denser.

PhytoCellTec™ Alp Rose promotes the vitality and longevity of skin stem cells, the lipid barrier protects the skin from climatic stress.

PhytoCellTec™ Nunatak® helps to visibly increase skin elasticity, firmness and density.

PhytoCellTec™ Goji® revitalizes extracellular matrix components such as collagen and elastin production resulting in a reduction in the appearance of wrinkles, skin laxity and an improved V-shaped facial contour.

### HOW THE ESSENCE WORKS:

- Stimulates collagen synthesis;
- Increases skin elasticity;
- Smoothes fine lines;
- Leads the fight against chronological aging with PhytoCellTec™;
- Increases the natural moisture content and lipid barrier function of the skin.

## DAY / NIGHT ACTIVE MULTI PEPTIDE COMPLEX 24 FACE CREAM

It is an amazing cream designed to hydrate, nourish, protect and rejuvenate the skin day and night. Bio-mimetic peptides Argireline®, Matrixyl 3000® and Royal Epigen P5 combined with Swiss snow algae and three types of plant stem cells: Alpine Rose stem cells, Nunatak® stem cells, grape stem cells, and a luxurious base of avocado and jojoba oils, additionally supported by Vitamins E & C and hyaluronic acid. Also, it consists of Bifida enzyme Lysate ProBioBalance CLR NP of lactococci, enzyme Lysate ProRenew Complex CLR, short-chain peptides, and a large amount of vitamins B, PP and folic acid, which satisfies all the needs of the skin.

### HOW THE CREAM WORKS:

- The cream of light texture deeply moisturizes the skin, nourishes and restores the hydro-lipid mantle;
- Normalizes the surface microbiome, populating the surface of the skin with new beneficial bacteria;
- Influences from the inside, improving the production of collagen;
- Prevents skin overdrying;
- Protects from negative environmental factors;
- Reduces skin sensitivity;
- Strengthens local immunity;
- Increases firmness and elasticity of the skin;
- Reduces the appearance of existing wrinkles and prevents the formation of new ones;
- The skin becomes smoother and more radiant;
- Biometric innovative peptides, having a botox effect, smoothes the skin.

### HOW TO USE:

After cleansing and toning, apply 24H Peptide Complex.

Apply a small amount of the cream (one click - one dose).

Having previously rubbed one dose of the cream on the fingertips, apply it along the Langer lines (massage lines) to the skin of the face, also around the eyes along the edge of the orbit; Apply the second dose to the neck and décolleté with gentle pressing movements.

Results are cumulative with continued use.

DO NOT RINSE.

FOR ALL SKIN TYPES.
